REMO LUCIANI | PRESIDENT

WIMMERA KART RACING CLUB Inc.

“Our club may be one of the smallest clubs in Victoria, but when it comes to a big event, we can rely on our club members to band together to put on a great race”.
- WKRC

A Little something about the history of our club ...In the early years

Our club was formerly known as the Horsham Go-Kart Club. It was a dirt track in the late 1960's where members raced simple homemade karts with Victa motors. It wasn't until 1981 that they upgraded the circuit to a lime-stone dirt track.

In the early days the club had a membership totalling in excess of 100, with up to 60 racing competitively throughout the state. They then progressed from racing on dirt to a bitumen track, which was laid in December 1982 (see below photo's) During the mid 80's, the track was re-designed and a hot-mix surface applied.

A decision was made by the Executive Committee during the 80's to consolidate the club and a name change was made to the "Wimmera Kart Racing Club". Membership in 1987 was approximately 50.

The club had its first race meeting on the new bitumen circuit on Sunday 5th of June, 1988. The official opening of the track was later on in the year during the warmer weather on November 20th 1988.

SPONSORSHIP OPPORTUNITY FOR THE 2025 SEASON

The Victorian Country Series would not continue its great success year after year without the help of our series sponsors. The things to remember are the businesses who support your local kart club when it comes to sponsorship and those who support the VCS series that you love to compete in round after round.

We thank each and every one of our sponsors for their support and appreciate their generosity towards our series and to the karters who enjoy racing in it.

GREAT REASONS WHY SUPPORTING THE VICTORIAN COUNTRY SERIES WILL GIVE BACK TO YOUR BUSINESS!

Many of the Kart racers that compete in the Victorian Country Series may already support your business. They may live and work in your town or a town your business services or be club members of your local kart club.

By supporting the VCS there is an excellent opportunity to canvas your products and services to a wide demographic from Victoria to South Australia.

The Victorian Country Series commenced in the early 1990's as a way for country drivers to regularly race in a competitive environment without having to travel to the major metropolitan tracks. It has evolved to a point now that metropolitan Melbourne and interstate drivers travel to our series for the tough competition and enjoyable atmosphere.

....continued

Our series continues to experience a strong surge in popularity year after year with karters attracted to the strength of our competition and value for money. We aim to continue this strong patronage again in 2024 as we continue to actively promote our events.

VALUE FOR MONEY

Kart racing polls highly in crowd appeal and offers a unique marketing position at a fraction of the price of other main stream sports investments.

It offers an excellent opportunity to be seen supporting drivers, their families and race teams who will become familiar with your business and in turn support your brand.

Not many other sports could boast the loyalty and camaraderie that karting offers. Our series is a perfect example. Fierce competitors on the track become mates when the helmet comes off, the karting family looks after each other like few other sports.

Your image would also be enhanced by supporting a series that is helping young drivers gain the necessary skills to make them better drivers on our roads. Safety is paramount on the track and consideration is also made for getting home safely.
